

## Adams County Oversize/Weight Permit Application

(Complete and forward to [epermitcenter@adcogov.org](mailto:epermitcenter@adcogov.org)) (08/07/2019)

**Permit Requirements:** Oversize Load Permits are required when a vehicle w/load exceeds 70ft in length, 13ft in height, 8.5ft in width or exceeds 20,000lbs per axel. The applicant is solely responsible for knowing the height and weight of their vehicles. Including the weight distribution of their load (per axle) in relation to overpass heights and weight restrictions of bridges or culverts along the route. **Loads exceeding 14ft in width must move between 10pm & 5am.** A separate permit is required for each route. **The review process is 10 business days.** Only complete applications will be reviewed. Required submittal items include: completed application, route map, certificate of insurance.
